

Project Manager

We are looking for a Project Manager with a strong technical background and has the right level of project management experience that can support and manage the execution of digital learning projects for our clients.

Responsibilities

- Manage client projects, budgets, programmes, and reports to ensure optimum delivery of solutions for our clients.
- Build and maintain strong trusting relationships with client partners.
- Manage project scope and maintain project documentation.
- Implement project plans, lead, and motivate the project team to successful programme delivery.
- Coordinate communication between the client project team and internal team to facilitate shared expectations.
- Manage and facilitate all reporting relating to risks and issues for projects.
- Apply lessons learnt approach to all projects and record opportunities for continuous improvement to all processes.

Essential

- Minimum 3 years experience as a Project Manager in the software industry
- Experience in managing multiple projects through the full project lifecycle.
- Demonstrate strength in leadership and competency in management.
- Proven self-management and organisational skills.

Desirable

- Experience in the educational software industry.
- Project Management qualification (PRINCE 2 or CMMi or similar)
- Experience in project delivery within Agile environments.

Salary: Negotiable, depending upon experience.

As well as a competitive salary, we offer continuous professional development opportunities and a range of other benefits including a contributory pension scheme and healthcare plan. By joining our highly skilled team, you will get the opportunity to think creatively and work on a wide range of interesting and challenging projects in the eLearning and digital media field.

To apply for this role, please send a detailed curriculum vitae and an introductory cover note outlining relevant experience against the essential and desirable criteria to info@aurionlearning.com
